FLOOR DEBATE

February 6, 2004 LB 279

SENATOR WEHRBEIN: Well, I would have to defer to somebody. I don't know. If you don't have the affidavits filed, I also think, does that come under an antique truck registration, which I think is...

SENATOR STUTHMAN: I think it would...

SENATOR WEHRBEIN: ...a different area that I'm not familiar with, if it is.

SENATOR STUTHMAN: I think it would come under the antique classification, but maybe I do not want to have it as an antique license plate on it. I would license it just as a regular vehicle that I'm using. This is the thing that concerns me. I try to put examples that would really affect me, and how this will work out, depending upon which way I'd vote on this bill.

SENATOR WEHRBEIN: Well, why wouldn't you have the affidavit filed? I mean, based on law today, I think you're supposed to. If you're not using it, you have to file an affidavit that you're not using it.

SENATOR STUTHMAN: I'm not sure. I'm not aware of this. I'll have to plead ignorance on this.

SENATOR WEHRBEIN: Well, the way I interpret the law, if you don't register a vehicle, you...and...or you want to miss the registration and not file it and simply put it...let's say you're up on blocks. You have to have an affidavit filed. Otherwise, that's...that clears you for not having registration.

SENATOR STUTHMAN: But I do not receive any registration notice or anything in the mail, because I didn't renew the license in 1980, and after that I did not receive anything on this vehicle.

SENATOR WEHRBEIN: I would have to defer to, I guess, the Department of Motor Vehicles to answer that specific question. I'm not an expert in that area. I still find in my conversations around, there's lots of ways to beat this system, most of which I don't even know about. But (laugh) I don't know
